

SC18

USB-C TO USB-A CABLE

The SC18 is a high-quality USB-C to USB-A cable designed to connect RØDE USB products to computers and other devices with a USB-A connection. It measures 1.5 metres in length and is Hi-Speed certified, making it ideal for use with USB microphones and other high-performance devices that may need to be placed further from your computer.

- High-quality shielded cable
- High-speed connection
- 1.5m (5') long
- Hi-Speed USB certified
