

DS3

PROFESSIONAL DESKTOP STUDIO ARM

The DS3 ushers in the next generation of compact desktop studio arms, engineered for perfect placement of your microphone, camera, smartphone, light or other accessories. Its precision ball head delivers smooth, flexible positioning, while integrated cable management keeps your workspace clean and organised. With a weighted base that removes the need for clamps or mounting points, the DS3 sits securely on any flat surface. Available in timeless black, it brings versatility and a refined aesthetic to any desktop setup.

- High-quality dual-ball mounting adaptor with 360-degree articulation
- Central locking mechanism for fast, secure positioning
- Robust all-metal construction for lasting durability and reliability
- Versatile mounting system with 3/8", 1/4" and 5/8" thread compatibility
- Supports microphones, cameras and accessories up to 1.5kg
